

"I support this petition and request the FCC maintain the suggested Morse requirements for General and Extra licenses,"

I also feel that the below mentioned be added and/or rewritten into the Amateur Privileges for Technician/Novice Classes.

1. Technicians/Novices should get HF digital privileges in the Novice/Technician Bands.

2. Written exams should emphasize technical questions more, especially for General and Extra Class, and topics should be updated. They give some specific examples in paragraphs 24 and 26 of the petition RM-10811.

3. Stop instant re-tests at VE sessions.

4. Restore a syllabus of general topics in the regulations similar to before the April 2000 restructuring. FISTS provides a syllabus in a table in the appendix, item 5 of the petition RM-10811.

Yours Truly Bryant J. Luker Nov 03, 2003
